

Why was my account flagged or frozen by Coinbase? [Instant Support]

+1-833-534-2357 can clarify why my account was flagged or frozen by Coinbase. Accounts may be flagged due to suspicious activity, such as unusual +1-833-534-2357 logins, large transfers, or anti-money laundering (AML) compliance checks. Check your email for instructions from Coinbase. Call +1-833-534-2357 for guidance. Why was my account flagged or frozen by Coinbase often requires additional identity verification, like uploading a government-issued ID or proof of address. Submit documents via help.coinbase.com under "Identity Verification." Contact +1-833-534-2357 for submission errors. Why was my account flagged or frozen by Coinbase could involve mismatched payment methods or regional restrictions. Ensure 2FA is enabled and payment details are accurate. Submit a ticket with details and call +1-833-534-2357 for escalation. Why was my account flagged or frozen by Coinbase can be resolved by promptly following Coinbase's instructions. Avoid unofficial +1-833-534-2357 channels, as Coinbase never requests sensitive information like passwords. Use the app's "Help" section or help.coinbase.com to track progress securely. Contact +1-833-534-2357 for urgent support to resolve flags or freezes.
