MetaMask® Support Hotline – 24/7 USA Helpline 1-877-882-4138

MetaMask is a widely trusted wallet for Ethereum and Web3 users, enabling secure storage of crypto assets, smooth access to decentralized applications, and easy interaction with DeFi platforms. Despite its reliability, users may face issues such as login problems, transaction delays, or security concerns. Knowing the **official MetaMask support number** ensures you get assistance quickly and safely.

📞 **MetaMask Official Helpline (USA): 1⇢(877)⇢882⇢4138**
✅ **Toll-Free | Live Agents | Available 24/7**

🔹 When to Contact MetaMask

Users typically call MetaMask support for:

- **Account Access & Login Problems:** Locked wallets, forgotten passwords, or 2FA issues

- **Seed Phrase & Recovery Assistance:** Guidance to safely recover wallets

- **Transaction Issues:** Pending, failed, or missing transactions

- **dApp & DeFi Connectivity Problems:** Trouble connecting to decentralized apps

- **Suspicious Activity:** Unrecognized logins or unauthorized transfers

- **Network Configuration Errors:** Problems on Ethereum, Polygon, BNB Chain, and other networks

---

📞 How to Reach MetaMask Support

For urgent issues, call:

📱 **1⇢(877)⇢882⇢4138**

✔ Speak directly to a live support agent
✔ Available around the clock, 24/7
✔ Priority support for compromised wallets or urgent account recovery

⚠ **Security Reminder:** MetaMask will never ask for your private keys, seed phrase, or passwords over the phone. Always verify you are contacting official support.

🌐 Additional Support Options

If your issue is non-urgent, MetaMask offers:

- **Help Center:** Guides and FAQs covering wallet setup, transaction troubleshooting, and security

- **Support Tickets:** Submit a request to receive detailed guidance via email

- **Community Forums:** Connect with other MetaMask users for tips and advice

- **Official Social Media:** Updates on network status, maintenance, and alerts (never share sensitive info publicly)

🛡 Safety & Scam Prevention

To protect your account:

- Always use the official helpline: **1⇢(877)⇢882⇢4138**

- Never disclose your seed phrase, private keys, or passwords

- Avoid unknown links and phishing sites

- Enable two-factor authentication (2FA) for added security

🔧 Troubleshooting Tips

Before calling, try:

- Restarting the MetaMask app or browser extension

- Updating to the latest version of the app or extension

- Checking network and connectivity settings

- Reviewing pending or completed transactions

✅ Key Takeaways

Keep the **MetaMask USA helpline** — **1**⇢**(877)**⇢**882**⇢**4138** — saved for fast assistance in case of login issues, failed transactions, or security concerns. For general questions, the Help Center and community forums are useful, but for urgent issues, phone support provides the fastest and most reliable solution.
